Dog Day Afternoon Spa uses Happytails dog spa products. We have solutions to all of your worst canine quandaries; a wide range of all natural shampoos, sprays and eco-friendly dog products that solve common problems. From bad breath and gas to tear stain removal. From dry, itchy or allergic skin to calming a nervous anxious or overactive dog. Happytails products are all cruelty free and use only better than human quality ingredients which make them safe, gentle and highly effective.

Product Profile & User References

Whether it's coming from your hound or your husband, nothing clears the room faster than those inappropriate gaseous emissions (IGE). Now happytails has help (at least for one of those offenders).

Dog Smog Remedy gives you the power to quell the smell from both ends of your dog. The all natural formula contains peppermint and fennel to slay the fire breathing beast but it's more than just a breath freshener, Dog Smog Remedy gets to the guts of the problem with digestive enzymes papain and bromelain. All of these ingredients help calm the bubbling brute below and provide a long-term solution to an embarrassing problem.

Whether you use a quick spritz to freshen breath or add a drop or two to your dog's food or water Dog Smog Remedy is a powerful weapon in the war on pollution.

(Yes it may also be used on husbands...but no sorry, it doesn't come in gallons)

Product uses:

To Ease Bad Breath and enhance the bonding experience- Your best friend's breath smells like the road kill he rolls in! Dog Smog Remedy to the rescue! 3 to 6 squirts (depending on the size of your dog) will solve the problem and help you to get closer without having to hold your breath.

Flatulence- if Fido got your bean burrito it's time for a Dog Smog Remedy chaser. It will help alleviate gas, abdominal pain and polluted air.

Maintenance. Keep your best friend gas free, use Dog Smog Remedy morning and night OR spray into your dog's water bowl to provide long term relief from those inappropriate gaseous emissions. Side effects; Well you won't be able to blame it on the dog any more!

No statement in this publication has been evaluated by the Food and Drug Administration. No Happytail product is intended to diagnose, cure, treat, or prevent any disease.

Dog Day Afternoon Spa Product Profile: Happy Tails Dog Smog Remedy

Life Saver

The Dog Smog Remedy is a life saver since my dog has developed an affinity for cat food...can't say that he enjoys getting it as much as the rest of us appreciate the results, but oh well:-)

Samson's breath is smelling a lot better!

According to LilPeaPod, Samson's doggie breath doesn't always smell like roses. And who doesn't have this problem? So when she went into her local pet shop looking for an all natural breath spray, she was ecstatic to find Happytails Dog Smog Remedy (\$14) that "curtains emissions from both ends"! Why is this so exciting? Well, if you don't know bulldogs, they are known to have a bit of a noisy rear end.

I wanted an all natural breath spray for Samson, since brushing his teeth doesn't seem to be helping curb his doggie breath (his food has a pretty potent smell), and was more than happy to try the Dog Smog Remedy, since he seems to have a lot of air in his belly ever since we changed his food to a different brand.

LilPeaPod has been using Dog Smog for about a week now and says that so far it's working great:

After only a few days, Samson's breath is smelling a lot better! I suppose that is thanks to the peppermint and spearmint essential oils. Plus, he's had less gas and bloating, from the fennel, ginger, parsley, and sage extracts among other natural ingredients in the Remedy. Samson loves the taste, and I like his fresh breath and clean air. . . if you know what I mean!

You should be able to find Happytails Dog Smog Remedy at your local pet shop, or you can pick it up online. Have any products that you'd like to share with us? Head on over to my Street Team group and post your recommendations and reviews!

Thank you so much for this amazing product

I have had dogs all my life(50+) and never had any good results for bad breath until I used Dog Smog Remedy. I just happened to be at The Best of Show in Castro 5 years ago and bought one there. I have a beautiful Bichon mixed with a black Poodle named Chivas of 10 years. I have to say that his breath and "poop" never smells at all! Even when he eats cat "poop" which all dogs love! So, I always make sure I have this on hand at all times.

Thank you so much for this amazing product! I would not mind carrying this in my salon to sell to my clients.

Dog Smog Remedy

Breath Freshener and digestive solution to quell the smell from both ends of your dog

Water

Vegetable Glycerin maintains the mixture of the ingredients in Dog Smog Remedy.

Natural Peppermint & Spearmint oils Improves bad breath and aids in digestion

Fennel Extract Improves digestion, freshens the breath, reduces gas and relieves lower abdominal pain. Dogs love the taste!

Dill Extract Soothes the stomach while helping to expel intestinal gas.

Parsley Extract Expels intestinal gas while improving bad breath.

Ginger Extract Settles the stomach and reduces gas by improving digestion.

Grapefruit Seed Extract An excellent treatment for chronic intestinal infections, gas, bloating and pain. Heals internal tissues and is helpful in digestive disorders.

Goldenseal Extract herb that aids in relieving digestive irritations and parasites.

Sage Extract herb that relieves digestive infection and aids in the prevention of gum disease. Also helps to expel gas and ease gastric cramping.

Marshmallow Extract Has been used since ancient times to aid in indigestion, gum health and is often used in mouthwash.

Phyllanthus Emblica Fruit (Alma) Also called Indian Gooseberry, helps reduce gas, & constipation.

Celery Extract aids in the digestion of protein..

Bromelain an herbal compound of digestive-enhancing enzymes derived from the stems of pineapple.

Citric Acid Citric acid is a crystal-like, colorless, organic acid that naturally occurs in citrus fruits. It's a natural preservative and also helps to adjust the pH of products to prevent them from being too alkaline.

Papain (Papaya Extract) derived from papaya skin, papain is an herbal compound that aids in digestion.

Stevioside an all natural extract from the leaf of a Stevia plant used for sweetness.

Potassium Sorbate a polyunsaturated fatty acid salt used to inhibit growth of microbes and mold.

Sodium Benzoate an FDA-approved, polyunsaturated fat that is used to inhibit microbial growth.

Dog Day Afternoon Spa Product Profile: Happy Tails Dog Smog Remedy

I'm amazed!

Sam our mutt Austrian shepard, red healer mix is approaching 15 years of age. As you probably know the older the model, the more noxious the emissions. It was getting to the point we didn't want to be in the same room with him. I checked out your web site and saw Dog Smog Remedy and figured I had nothing to lose. WOW, I was and am still amazed.

I spray it directly in his mouth once a day and we all have noticed a major improvement in the indoor air quality. Thank you for this product and Sam thanks you too. I am no longer making him sleep downstairs at night. It even seems to have made his coat and skin quite nice smelling.

Have a Happy day,

Connie Sinclair

USER REFERENCE

INSTRUCTIONS

1. Shake well before using. 2. First try spraying a little Dog Smog Remedy in the palm of your hand and see if your dog will lick it from there. (Many dogs like the taste of the peppermint) 3. If this doesn't work gently pull back lips and cheek and spray directly into his mouth. 4. If all else fails spray into dog's waterbowl 5. Use morning and night as a preventative or as often as necessary.

Dosage:

Small dogs: 2 spritzes 2x day

Medium Dogs: 4 spritzes 2x day

Large Dogs: 6-8 spritzes 2x day
